Approval Details:

New Mexico has approved WEFTEC 2024 for continuing education credits. Attendees will be responsible for reporting their credits to the state using the documentation provided by WEF detailing participation in this event.

(1 hour of Training = 1 Training Credit), for water and wastewater utility operators that attend.

Please see attached grid for approved credit totals.

Continuing Education Credit Calculations

Conference hours are approximately 8:30am to 5:30pm each day

Due to session overlap the total number of available hours and credits types for this conference is less than the sum of the totals that appear in the "Total Hours" Column

Session & Credit Type	5-Oct-24	6-Oct-24	7-Oct-24	8-Oct-24	9-Oct-24	Total Hours	Maximum Credits

Total Available Hours **34.0**

Total Available CEUs	1.2
Total Available PDHs	18.0
Total Available GCHs	22.0

Breaks and meals are not calculated as part of the available credits for sessions. Many states will accept credits issued by WEF by converting them to meet state specific requirements that differ from the IACET based calculations used by WEF. This is typically managed at the state level using the following conversion:

1.0 CEU = 10 Hours of Workshop time - 1.0 PDH = 1 Hour of Technical Session time - 1.0 Contact Hour = 1 Hour of general contact time

***Operations Challenge** - Only team members who are registered and participate in the entire OC event are eligible for these credits - This is a very limited group and is tracked separately from the rest of the conference by WEF Staff. This exclusive group of participants does not attend other sessions or events held as part of this conference.
